Full terms & conditions available at www.britax-pmg.com
Britax PMG Limited is a world-class supplier of mandatory and auxiliary vehicle lighting, amber hazard warning lighting and rear view mirrors to both vehicle Original Equipment Manufacturers (OEMs) and the commercial vehicle after market. Our equipment can be found on all types of vehicle, including cars, vans, trucks, trailers, tractors, buses, coaches, recovery trucks and construction machinery.

Our quality range of beacons, lightbars, lamps, reflectors, switches, and mirrors are sold all around the world through a comprehensive network of distributors. As part of the ECCO Safety Group, the company has access to manufacturing facilities in nine locations on four continents, along with an additional four international sales offices in Europe, Australia and China, together employing 900 team-members.
MIROR INFORMATION

CONVEX MIRRORS
Carefully place a steel rule on the surface of the lens close to the LH edge of the mirror head. At 150mm and using a second firm edge measure the gap between the first measure and the convex surface of the lens then select from the following:

R450 glass approximately 25mm
R1200 glass approximately 8mm
R1800 glass approximately 5mm
